MEMORANDUM FOR: Chief, SR

SUBJECT: Transmittal of Study, Problems and Feasibility of Monitoring Economic/Industrial Activities as Part of an Inspection System Designed to Safeguard the United States Against Surprise Attack

25X1A5a1

1. Attached are copies of a study requested by [REDACTED] the scientific member of the U.S. delegation to the forthcoming international meeting on the subject of safeguards against surprise attack.

2. This study has been discussed with representatives of OAS, OCS, OCI, and ONE and their suggestions and comments have been considered in attached paper. The study has also been discussed informally with Dr. [REDACTED] of the staff supporting the U.S. delegation to the Geneva conference and meets with his approval.

25X1A5a1

3. It is requested that the attached copies be transmitted to [REDACTED]
